

Features and Benefits

The slim collection offers three back heights: high, mid, and low.

Three back upholstery options: elastomeric fabric alone, with sewn-in front cushion, or fully upholstered.

Two arm options: fixed resin arms, fixed resin arms with leather covers.

Knee tilt or synchronized seat/back mechanisms.

Forward position for added back support for computer work activated by button on paddle that adjusts height.

Height adjustable back provides back and neck support at desired location.

The Slim collection provides ergonomic seating for the entire office, from task to CEO.

With its slender elegant design, Slim is also ideal for conference rooms and guest seating.

Surprisingly affordable prices.
